Services and Products

March 27 2012

Services:

When you [register](#) as a free subscriber with 36th Parallel you will have access to freely available open source intelligence and information. But do you wish to go deep? As a free client you will have access to valuable geopolitical information and evaluations. But 36th Parallel also contains deep analysis, assessments and forecasts located within protected Security Levels.

36th Parallel clients have access to value added services and products via a secure architecture:

- Level-A Level-A services provide members free access to analysis, assessments and forecasts (registration open).
- Level-B Level-B services cater to clients, departments, institutions and entities with a professional need for deep analysis, sector assessments, forecasts, and open source information depositories containing up to the minute OSI intelligence pertaining the region.
- Level-C Level-C services cater to representatives of government departments, non-governmental organisations (NGOs), businesses and entities that require targeted deep analyses of individuals, entities, country, regional and subject trends.
- Level-D Level-D services offer directed assessments of discreet matters based on client needs.

Prices:

- Level-A** ([Registration Open – Click here to register your free account](#))
- Level-B** US\$100.00 per annum (pending launch of service – April 10)
- Level-C** US\$1200.00 per annum (pending launch of service – To Be Advised)
- Level-D** Price by negotiation.

View our [mission statement](#) and [register](#) to gain free access to security Level-A. We invite interested individuals, parties and entities to [contact us](#) to discuss your regional intelligence, assessment, and forecasting needs.

Products Under Development:

36th Parallel is also building a database titled: The Pacific Power List. This product will offer purchasers access to a regularly updated database of movers and shakers in the Pacific region, including The Politics List, and, The Business List – a who is who of sector based operators and point-people. We invite you to make nominations to The Power List by visiting: <http://36th-parallel.com/contact-us> or via email see above.
